## Bloodline

Preview the family tree below. Keep a look out for inbreeding, colored in red if applicable, which can negatively impact the performance of the foal.

Foal	Parents	Grandparents	Great Grandparents
Hypothetical Foal	Prime Time	Stylish Stud #9930	
		Marvelous Mare #6	
	Matriarch	Stylish Stud #9923	
		Marvelous Mare #3396

## Coat Color Genetics

The blending of coat-specific genes between the sire and dam dictates the likelihood of these traits appearing in the foal. The foal may be a carrier of these traits without expressing them due to dominant and recessive genes.
